

Nateete Mission

Dates 25th February to 11th March 2007

This was organized in partnership with Jesus Worship Center Nateete. The theme of the mission was drawn from Isaiah 45:22 - "Look unto me all you nations and be saved". AEE associate evangelists ministered in the first week of the crusade and these were Ps. Michael Kimuli, Ps. Minaani, Mr. Aaron Batte and the Missions Manager.

The model of the mission was open air gospel rallies every evening. In addition gospel films were shown on a few of the nights. The community targeted by the mission has unique needs of;

- ◆ single mothers - abandoned by their husbands
- ◆ High infant mortality rate
- ◆ Drug use among the youths
- ◆ Witch craft - smoking the famous pipe
- ◆ Idleness & prostitution
- ◆ Blindness towards personal development - a general sense of hopelessness

The timeliness of the Gospel

In every aspect, the mission was well timed to minister into the needs of the community. The crowds kept growing every evening. There were some people that were touched by the power of God as Ps. James Kato prayed for the people:

- 📖 A man who had a hearing defect in one of his ears was healed
- 📖 A woman who had sustained back ache for two months was healed
- 📖 Two gentlemen who had suicidal tendencies found peace and rest after listening to the gospel
- 📖 A woman delivered of demon spirits

He holds the four winds of the earth

For the first three nights of the crusade the meetings were interrupted by rain. On the second night we even failed to make the altar call because the drizzles came just at that moment and the crowds scattered. On the third day the drizzles came earlier and we felt led to praise God in song until the rains stop. After ensuring that the sound equipment was well covered, we did exactly that and that was the last night we had rain at the crusade time. He sent wind as His messenger to scatter the clouds.

The impact the mission had

Christian leaders in the community expressed gratitude for the opportunity of bringing this gospel rally to Nateete. Some of the facts that made this mission unique according to the host pastor are;

- 📖 First meeting of the nature in the community that was reached
- 📖 Reach all classes of people were reached. The messages appealed to all.
- 📖 More than 70 old people were converted
- 📖 The new converts continued to come to the rally every evening
- 📖 No event has gathered the community to as late
